Convey a deeper level
Aesthetic experience and emotional resonance

8 PRODUCT FEATURES

Waterproof and moisture-proof: Excellent waterproof and moisture-proof performance, able to maintain its original state even in humid environments, avoiding moisture and mold damage.

Versatile finishes: Offering a variety of finishes to meet different decorative styles and personal preferences.

Fireproof and flame retardant: B-class flame retardant material, suitable for places with high fire resistance, providing you with higher safety guarantee.

The application scope is suitable for various occasions such as homes, commercial spaces, and public areas, and can demonstrate excellent decorative effects and functionality.

Super flexibility: can be bent, bent, and cut as needed to meet the requirements of different decorative designs.

Solid and sturdy: not broken under strong pressure, providing long-lasting protection and support for your space.

The surface has high scratch resistance and wear resistance, and can maintain a new appearance after long-term use.

Easy installation: The installation process is simple and fast, without the need for complex tools or skills, saving you time and energy.
